This includes being responsive to student and labour market demands and addressing the overall socio-economic and regional employment needs of the province.

Government is committed to supporting the success of students and postsecondary institutions while at the same time making sure that funding is focused on the legislated mandate of the institution. Postsecondary education needs to be affordable for students and parents as well as taxpayers.

Making changes to align education, training and resources with the economic and social needs of the province will guarantee success for our province and students. Only by working together will we find additional efficiencies, further reduce duplication and position ourselves for even greater success.
