problematic behaviours related to a decline in their ability and be unable to continue in their academic program. In most cases, Students will be given a chance to return to campus if they have concerns that

Student is not fit to continue their studies and an alternate process is required.

2. Purpose

The purpose of this Policy is to facilitate a withdrawal and subsequent return to campus for Students who due to an underlying mental health condition, cannot sustain their own or their safety; cannot meet academic standards with reasonable accommodations and supports; or demonstrate behaviour or a pattern of concerning behaviour that could interfere in the educational process or

8. Review of Policy

The Policy will be reviewed annually.
